

**Introducing...**

# **Reel Life**

**WEDNESDAY NIGHTS AT JR. HIGH**

**6:45 - 8:15 PM**

---

'Reel Life' is an opportunity for students to think about and discuss actual life issues. We will be using movie clips, a panel of adult leaders, and Scripture to provoke discussion about topics dealing with every student's life. The film clips will provide popular opinion and familiarity toward the given subject; the panel will share actual experiences; and Scripture will shed light on what God has to say about the topic.

Students will also be given time to share their own thoughts, questions, and experiences within smaller groups of their peers and leaders. Every Jr. High student will relate to our life topics and will benefit from our panel's thoughts as well as an application of God's Word.

This is our second year of doing Reel Life and we are excited to continue it into the 2007-08 school year. Last year's topics included: Peer Pressure, Dating, Prayer, Self-Image, Death, and many others. We will have all new topics this year!

Keep an eye on our website throughout the year. We have more information about this program (including a manifesto on how we pick our clips). We also post the topic and film clips for the upcoming Reel Life a week beforehand.
